| <b>Dates:</b>    | April 11-12, 2011   |

The International Association of Universities (IAU) is pleased to organize the fourth edition of its Global Meeting of Associations (GMA IV) in cooperation with the Association of Indian Universities (AIU) and the Indian Institute of Information Technology (IIIT).

The GMAs, held every two years and organized **exclusively for leaders of national, regional and international associations of universities**, have become an important event in the busy higher education agenda. After Egypt, France and Mexico, we are pleased to hold the meeting in India, offering a unique opportunity for leaders of IAU Member Organizations, Affiliates and other specialized groups to meet as a relatively small group of peers to exchange ideas, practices and to network.

The GMA IV will be held in **New Delhi on 11-12 April, 2011** and will focus on: ***Internationalization of Higher Education: New Players, New Approaches***. Various aspects of higher education internationalization and the role that associations are called upon to play in this process will be discussed, including the following:

- (1) ***Influencing policy on internationalization – the leadership role of associations***
- (2) ***Cross-border academic collaboration: the mobility of people (Including joint-degree programmes, new campuses, mobile students and programmes)***
- (3) ***Recognition of academic credentials: challenges and solutions***
- (4) ***Mobility of Programmes, Off-shore campuses, Distance Education: broadening access to international opportunities?***

AIU, IIIT and IAU are pleased to invite all national, regional and international associations of universities, networks of higher education institutions and other university groups with an interest in the internationalization of higher education to send representatives to the 2011 IAU Global Meeting of Associations (GMA IV). Each organization or association is welcome to send up to two participants. The GMA is not open to representatives of individual HEIs.

**For practical reasons, the number of participants will have to be confirmed to our Indian partners as early as possible and we therefore invite you to confirm your participation as soon as possible by filling in the below registration form.
