

聖若瑟大學
UNIVERSITY OF
SAINT JOSEPH

Dear Partners,

This year, the University of Saint Joseph is celebrating the 25th anniversary, a quarter of a century of existence, full of history, achievements, success, and complete dedication and care for our community and worldwide partners and overall the development of our students.

Since its establishment 25 years ago, USJ's character as a high-quality institution of higher education has flourished, and more than 7,500 talents of various types have graduated. A total of 1,279 students (872 local students and 407 foreigner students) are currently enrolled in 36 programmes offered by four faculties and two research institutes.

Besides the achievements, we all face challenges along the way, being the most challenging and atypical year with the outbreak of Covid-19. Notwithstanding this pandemic situation, together, we keep moving forward, aiming to achieve our goals - graduating as many students as possible, and students that will think rigorously, creatively and constructively at a high level, seeking to move beyond mere proficiency to mastery of their discipline.

We take this opportunity to express our deepest gratitude to all our partners for their support throughout these years and yet for a continuing fruitful partnership in the years to come.

In addition, we are delighted to invite you to join our Celebration Ceremony through our Livestream [here](#) on Thursday, 2nd December 2021, at 10:00 am (Macao time).

Our best wishes.
