

CAREER OPPORTUNITY

KCA University is a dynamic private business and technology university committed to innovation, quality service and ethical practices. KCA University seeks to recruit a candidate to fill the following position;

SENIOR RESEARCH FELLOW

The job holder will coordinate the establishment of Institutes and Centres at the University; assist in the development of the University's research agenda and plan; coordinate and implement research programmes in accordance with university procedures and funder requirements; and support the Ethics Review Processes at the University.

Key Responsibilities and Tasks

- Develop and process the establishment of Institutes and Centers in collaboration with schools and faculty at KCA University.
- Lead bids for research and/or consultancy projects.
- Lead relevant meetings associated with the research projects or related activities.
- Lead and promote activities designed to develop collaborative research with colleagues.
- Offer technical support to colleagues who are engaged in research projects or other activities of the Research, Innovation and Outreach division.
- Actively develop appropriate external contacts and networks that may lead to future collaboration and funding opportunities.
- Independently undertake advanced research and manage associated staff and/or students working on the said research.
- Lead the production of high-quality research reports and/or publications as required by the funding body or for dissemination to the wider scholarly community.
- Take responsibility for resolving challenges facing the delivery of research projects.
- Undertake any other duties that are relevant to the advancement of research at the University.

Minimum Qualifications

- Be a holder of a Doctorate degree.
- Have at least 5 years of work experience in a research-intensive environment.
- Have prior experience in bidding for and implementing at least 3 competitive research grants.
- Have at least 5 publications in referred journals.
- Has supervised/or is competent to supervise a PhD student.
- Has undertaken research ethics training.

Other Skills and Attributes.

- Excellent interpersonal and communication skills.
- Good analytical and critical thinking skills.
- Ability to work within tight deadlines.
- Ability to work flexible hours.
- Proven passion for research, innovation, and outreach.
- Ability to work with diverse teams.

How to Apply

Interested candidates who meet the above requirements should submit an application letter indicating current and desired salary, a detailed CV including three referees, academic & professional certificates and a clear copy of your Kenya National ID and KRA PIN certificate via the linked form <https://forms.gle/ktaNaVfxQ2jMdcPU7> by 28th June 2024.

Only shortlisted candidates will be contacted.
